Report of the Board of Selectmen

To the Citizens of Hanover:

We respectfully submit the one hundred and twenty-third Annual Report of the Officers and Committees of the Town of Hanover for the year ended December 31, 1975.

This 1975 Town of Hanover Annual Report is dedicated to Howard F. Levings and Lawrence E. Slaney in recognition of their many years of outstanding service to the Town of Hanover. In addition to their duties as both elected and appointed officers of the Town, both have also served as a member or chairman of several Study, Planning, or Building Committees as established by the Town from time to time. Their total dedication to the welfare and future of Hanover and its Citizens is an inspiration for all public officials.

During 1975 the Town suffered the untimely loss of several active or retired faithful public servants:

POLICE OFFICER - WATER COMMISSIONER

Our Town is most fortunate, and we are very grateful, for the many benefits we have realized from their years of service in our behalf.

This past year the following Town Officials resigned their positions:

EDGAR P. PACKARD	Conservation Comm.
VIRGINIA R. EDGE	Library Trustee
WILLIAM J. FLYNN, JR.	Town Counsel

We thank each of them for all they have done for Hanover and we wish them well in the years to come.

During 1975 the Board of Selectmen held regularly scheduled meetings each Monday evening throughout the year, and on the first and third Wednesday evenings from September through May. Many special meetings were held to investigate specific problems, hear complaints, conduct arbitration, and to hold public hearings. The Board appeared before various Federal, County and State Committees relative to legislation and other matters having a direct or indirect effect upon Hanover.

Inter-departmental meetings were re-established involving the various Town Boards, Commissions, Committees, Officers and Department Heads, to discuss mutual problems and to promulgate both short and long term plans for the more efficient operation of the Town.

This Board is most concerned over the constant erosion of the basic "Home Rule" rights of individual municipalities. The ever increasing passage of laws which mandate municipalities to implement programs, services, and levels of salaries, all with the provision that municipalities provide the funding, is contrary to fiscal responsibility. We urge every citizen of our town to support all legislation endorsing the return of "Home Rule" and fiscal autonomy to every municipality.

Your Board continues to make every effort to bring about the elimination or modification of the assessment levied against the Town of Hanover for the operation of the M.B.T.A. To date, Hanover has contributed approximately \$500,000.00 to defray the cost of operating the system. We continue to maintain close interest in the preservation of the West Hanover Branch of the Penn Central Railroad and we monitor all Federal and State legislation concerning same.

We have been concerned with the traffic conditions on several of our highways, including traffic flow, hazardous intersections, signs and signals. The Board, in conjunction with the Hanover Board of Public Works and the Police Department, has had several meetings with State Department of Public Works officials and our representatives in the Legislature to discuss necessary improvements and to seek special funding. We sincerely hope that many improvements will be effected during 1976 as a result of these cooperative efforts.

During 1975 it was our pleasure to issue Proclamations honoring the following organizations or events:

HANOVER VISITING NURSE ASSOCIATION, INC.
 HANOVER GARDEN CLUB
 HANOVER "CLEAN UP WEEK"
 AUTO THEFT PREVENTION WEEK
 EASTER SEAL DAY
 NATIONAL AWARENESS WEEK
 LAW DAY U.S.A.

Adequate office space in the Town Hall continues to be a problem, and on occasion it has been difficult to properly schedule meetings and hearings for all the departments. It is expected that an Article will be included in the 1976 Annual Town Meeting for the construction of a combination Town Hall Addition and Police Station, and we sincerely hope that this program will be given careful consideration by every Citizen of the Town.

The Board of Selectmen again extends a most cordial welcome to all the new citizens of Hanover. We urge every citizen to attend Town Meetings and to take an active part in the operation of the Town. The Board wishes to thank all citizens who have given so generously of their time and efforts while serving on various committees during the past

year. Much that we have accomplished is the result of their efforts.

We sincerely appreciate the counsel, cooperation and support given us by the Citizens, Employees and Officers of the Town during the past year.

ALLAN A. CARNES, Chairman
FRANCIS J. MITCHELL
FREDERICK L. BRIGGS
Board of Selectmen

- (1) The total valuation of the Town for the first period is based on assessments of record on January 1, 1974. The second period total valuation reflects assessments of record on January 1, 1975.

The Board of Assessors wishes to express its sincere appreciation for the many years of service given by the late Theodore A. Burbank, of Pembroke. Mr. Burbank came to Hanover in 1964 to revalue the Town and served as its Assistant Assessor until his death in July of 1975. On December 3, 1975, Mr. John F. Burns, Jr., of Norwell, was appointed the new Assistant Assessor, coincidentally, to revalue the Town in 1976 as part of his duties. This revaluation to full and fair market value is in compliance with the mandates of the Supreme Judicial Court of Massachusetts as set down in its decision of December, 1974.

Please remember that it is the citizens of the Town who ultimately determine the tax rate by their allocation of funds at Town Meetings. Should any question arise pertaining to this report or your personal taxes, please feel free to consult any of us at your Assessors Office.

Respectfully submitted,

R. IRVING LOVELL, Chairman

Journal of Annual Town Meeting

HELD ON MONDAY, MAY 5, 1975

The Annual Town Meeting at Hanover High School was called to order by George H. Lewald, Moderator at 8:10 P.M., Monday, May 5, 1975 with 633 voters present.

Reverend W. Roscoe Riley offered the invocation which was followed by the pledge to the flag.

The Moderator asked that the Town Clerk record that the Warrant had been served and returned as required by the Town By-Laws.

The Campfire Girl's under the direction of Mrs. Joseph Panasuk, presented a gavel to the Town of Hanover commemorating the Bicentennial. Mr. Lewald explained that the present gavel was given to the town by the Bonney Family in 1941. The head of the Gavel came from the Constitution; the handle from Admiral Dewey's Flagship Olympia. Mr. Lewald suggested, on a suitable occasion the gavel, presented by the Bonney Family, be retired to the Hanover Historical Society.

REPORT OF THE HANOVER BICENTENNIAL COMMITTEE

This Committee is pleased to present this report of progress as we begin our 200th year as a nation. We have been busy this past year planning for the two-year commemoration which began officially with the Hanover Bicentennial Patriot's Ball on April 20 at the Hanover Mall. Any of you who attended this gala evening will agree that it was a huge success and a wonderful kick-off. Nearly 1,000 Hanoverians shared a unique experience of fellowship and civic pride which this town has not seen for many a decade. It would be impossible to list here all the people and organizations which put so much time and effort into making the Ball what it was. We can only say a sincere "Thank You" to all. At the same time, this Committee would be remiss if we did not single out for special appreciation the work of the General Chairman. . . Diana Morris. Her dedication and hard work

is recognized and publicly acknowledged by us all. From the outset, this Committee was committed to providing a memorable evening rather than to make money. We can report with a mixture of pride and chagrin that we succeeded here also.

There are many planned and prospective projects which you will be hearing about during the next few months. Perhaps first of all, we expect to have available a reprint of the 1910 History of Hanover within a few weeks. The proceeds from this book will enable us to publish (hopefully in 1976) a completely new History updating our Town from 1910 to the present. You will be hearing about commemorative souvenirs in several price ranges so that everyone, including children, may afford a tangible reminder of these historic years. You will be hearing about a town-wide celebration to be held in the Fall which will include parades, band concerts, church suppers and so forth. It will be in the form of "Homecoming Day" with activities for every age group. There are plans for a major celebration on the Fourth of July, 1976. In addition, we look forward to the possibility of providing one or more permanent memorials of this Bicentennial for future generations to enjoy. This very Town Meeting has an historic opportunity to implement one of these memorials. You will have the chance to vote on the establishment of Hanover's first Historic District in the Old Four Corners. All this, and more, you will be hearing about.

Bear in mind that all of these promises will remain just promises until people get to work on them. If the response to the Ball is an indication, we have the talents and experience in Hanover to succeed at anything we put our minds to. We look forward to your cooperation in making some of these dreams come true.

Finally, this Committee most earnestly requests that all of us pause at the start of this Town Meeting to count our blessings and total up our assets. In an age when it is so easy to find what's wrong, the things that are right somehow fade into the background. Those of you who saw the ceremonies at North Church, Lexington and Concord last month must have sensed beneath the somewhat stilted formality of the celebration a real undercurrent of pride and joy. Even the ubiquitous "protesters" could not take that away from us. And those who stood around the fountain at the Mall on the night of April 20 could hardly have missed the almost electric

emotion of patriotism and nostalgia. In an age when such feelings are so often called old-fashioned and worse, there were men, women and yes even a few children who for a brief hour stood together in a common cause which some of us may have even forgotten we believed in. That hour alone more than paid for the time and effort this Committee and so many others have expended. We now have a goal...to keep that magic moment alive and growing in the months and years to come. If the Patriots Ball did anything, it brought home a simple fact: The Spirit of America is not dead. It is alive and well...and living in Hanover!

Respectfully submitted,

A gift of appreciation was presented to Mrs. Diana Morris for her outstanding job done in conjunction with the Bicentennial Ball.

A TRIBUTE TO HOWARD F. LEVINGS

Upon the completion of Article 81 of this Annual Town Meeting, Howard F. Levings will officially retire after 38 years of dedicated service to the people of Hanover. Howard has held many positions of public trust during these past 38 years both as an elected and appointed Town Official. It is our fervent hope and prayer that he will continue to be in good health for many years to come and we trust that in an unofficial capacity we can continue to have the benefit of his wisdom and experience in matters involving our beloved Town of Hanover.

He began his service as a police officer in 1937 — was elected a constable in 1942 and became Hanover's first full-time Chief of Police in 1943. He attended the National Police Academy in Washington, D.C., which operates in conjunction with the Federal Bureau of Investigation, and upon his return he utilized this knowledge and training in the de-

velopment of the Hanover Police Department. He continued as Chief until 1950 when he was appointed Director of the Plymouth County Bureau of Criminal Identification and Director of the Police Training School. The Board of Selectmen, continued to appoint him as a special police officer from 1951 until 1958 at which time he was elected as a member of the Boards of Selectmen, Assessors and Public Welfare. The combined Boards changed over the years as the Assessors were established as a separate elective office in 1965 and the State take-over of Welfare abolished the Board of Public Welfare in 1968, but Howard has continued to serve as a member and periodic Chairman of the Board of Selectmen for the past 18 years.

In addition to his duties and responsibilities as enumerated above, he also served as a member, or chairman, of many continuing, planning, study and building committees as constituted from time to time by the Townspeople or the Moderator and has made a valuable contribution to the progress and success of each.

Throughout his long and distinguished career to our Town he has always demonstrated a deep interest in the youth of the Town and was ever ready to befriend a young person who had gone astray or who had a problem. He always found the time to counsel, guide and assist any youth who needed help and his success in this endeavor has long been acknowledged and admired. In addition, he has actively and favorably supported the various athletic and youth programs which have been of great benefit to the Town and to the young men and women involved. Yes, it can be truthfully said that Howard Levings has had a tremendously favorable impact on the moral and physical development of our young people and our Town has been the better as a result of it.

Howard F. Levings has served this community with ability, dedication, compassion and integrity. Not once during this 38 years of service has he ever acted in an arbitrary or dictatorial manner, nor has he been lacking in human sympathy and understanding and all the while exercising his best judgment for all the Citizens of Hanover. I do not think a finer tribute than this can be bestowed upon any public official.

With sincere appreciation of his many years of service in our behalf and with every good wish for his future happiness and well-being, we respectfully move that a copy of this tri-

bute be incorporated in the records of this Town Meeting and that this Town Meeting rise and publicly express it's gratitude to Howard F. Levings.

Respectfully submitted,

ALLAN A. CARNES
FRANCIS J. MITCHELL
 Selectmen of Hanover

The Moderator outlined the procedure to be followed at the meeting in accordance with the Town By-Laws. He introduced the members of the Advisory Committee.

Mr. Willis Partridge, Chairman of the Advisory Committee spoke to clarify the language of the Warrant.

ARTICLE 1

To see if the Town will accept the reports of the officers and committees as printed in the Town Report, or take any other action relative thereto.

VOTED UNANIMOUSLY: That the Town so do.

ARTICLE 2

To hear reports of the Committees and act thereon, or take any other action relative thereto.

VOTED UNANIMOUSLY: That the Town so do.

REPORT OF TOWN GOVERNMENT STUDY COMMITTEE

The Committee has in previous deliberations discussed areas of Town Government that should be examined to determine whether or not there should be changes. It also has discussed areas related to Public Works that might be considered for further consolidation in that department. If it is the consensus of the citizens of the Town that we continue in the same manner that brought about the creation of the Department of Public Works, then we ask that this be accepted as a report of progress.

Respectfully submitted,

FRANCIS J. MITCHELL, Selectman
JAMES MCKENNA, Clerk
ROBERT KIMBALL, Planning Board
FRANKLIN AMES, Board of Public
 Works

REPORT OF THE JUNIOR HIGH SCHOOL BUILDING COMMITTEE

The Junior High School project has been successfully completed and the Committee is pleased to report that there is a surplus in the building account of \$33,425.16. Since this money was raised by Bond Issue, it can only be appropriated for a similar project.

The Committee therefore presents this report as a final report and asks to be dissolved.

Respectfully submitted,

REPORT OF HANOVER SEWER STUDY COMMITTEE

Pursuant to Article 49 of the Warrant for Annual Town Meeting of 1974, the Sewer Study Committee has met on a number of occasions to review the Sewer Study Report published in 1969. In order to make a meaningful review of this Study, the Committee undertook to examine the Town's apparent and immediate problems of sewage disposal as reflected in the records of the Board of Health, met and discussed the adequacy of the Study in light of current technology and requirements with representatives of S.E.A. Consultants, Inc., and have sought out the opinions of Town Officials whose responsibilities may be affected by the problem of sewage disposal. The Committee further undertook to invite the participation of Mr. Frank Wallen, a resident of the Town, and Superintendant of the City of Brockton Sewer Department, as an unofficial member.

We, as a Committee, have concluded that major portions of the Sewer Study Report are outdated and technically obsolete. An effective updating of the Study at this time would be both costly and inconclusive. We feel that the probability and feasibility of a sewage disposal system wholly owned and operated by the Town is unlikely in the face of emphasis currently being placed upon the concept of regional sewage disposal.

We therefore recommend the following:

1. That no money be expended at the present time to update the existing report.

2. That the Sewer Study Committee be kept in existence to monitor the needs of the Town in the area of sewage disposal, to study various sewer proposals and alternatives thereto, to act as liason between the Town and any Regional Planning Committee or Commission, and to make further reports at future Town Meetings.

3. That this report be accepted as a report of progress.

Respectfully submitted,

HANOVER SEWER STUDY COMMITTEE

VOTED: That Committee Reports heard be accepted as reports of progress or as otherwise recommended.

At this point, the Moderator introduced Senator Allan R. McKinnon of the Norfolk — Plymouth Senatorial District and William J. Flynn, Jr., Representative of Second Plymouth District.

ARTICLE 3

To see if the Town will vote to fix the pay of its elective officers as required by law, or take any other action relative thereto.

VOTED UNANIMOUSLY: That the Town fix the pay of its elective officers as follows:

GENERAL GOVERNMENT

Selectmen: Each Member	\$1,200. per year
Assessors: Each Member	1,200. per year
Board of Health: Each Member	1,000. per year
Town Clerk	6,673. per year
Town Treasurer	8,249. per year
Tax Collector	8,371. per year
Moderator—Annual Meeting	75. per meeting
Special Meeting	25. per meeting

ARTICLE 4

To see if the Town will vote to amend the Hanover Personnel By-Laws by changing the Sections listed below, or take any other action relative thereto.

Personnel Board

We move that the Town amend the Hanover Personnel By-Laws as follows:

1. TITLE. No change

2. PERSONS COVERED

The plan shall apply to all persons compensated by the Town except those persons elected by popular vote or under direction and control of the School Committee or represented by a recognized bargaining agent; i.e. Police Department, the Police Chief and the Fire Chief. The Plan shall apply to Call Fire Fighters for setting wages only.

Nothing herein, however, shall bar reference to the Plan for assistance in determining the compensation of employees occupying positions not covered by the Plan.

The Personnel Board shall consult at least annually with administrators of those not covered by the Plan, in order that every effort be made to keep all wages and working conditions within the Town in proper perspective.

If any part of this Plan is found in conflict with any Federal Law, General Law or Special Law of the Commonwealth of Massachusetts, the provisions of such Federal Law, General Law or Special Law shall govern.

3. PERSONNEL BOARD. No change.

4. DUTIES OF PERSONNEL BOARD

(a) to (f) inclusive. No change.

(g) The Board shall, within four (4) weeks following the annual appointment of new members, meet and organize by electing a chairman. A quorum at a Board meeting shall consist of four (4) members and a majority vote shall be necessary on any matter upon which the Board is authorized to act.

5. EFFECTIVE DATE.

The Plan and any amendments thereto shall become effective upon acceptance by the Town. The classifications of positions and pay schedules shall take effect on July 1, 1975, following acceptance and all subsequent anniversaries shall be on July 1.

6. STATUS ON APRIL 5, 1964. No change.

7. INCREASE. No change.

8. TRANSFERS AND PROMOTIONS. No change.

9. NEW PERSONNEL AND NOTIFICATION OF VACANCIES.

(a) New employees shall start at the minimum of the pay schedule for the job classifications, except that on the

recommendation of a department head, supported by written and/or oral evidence of special reasons or circumstances satisfactory to the Board, the Board may authorize an entrance at a higher or lower rate than the minimum rate for a position.

(b) No change.

(c) New employees must file with the Department Head an approved application for employment and a satisfactory physical examination. The Department Head must receive written approval of the Classification and Rate from the Personnel Board before an employee is hired. The Department Head will file immediately with the Personnel Board a copy of the employment application and satisfactory physical examination.

10. HOURS, VACATIONS AND LEAVES FOR FULL TIME EMPLOYEES

(a) MINIMUM HOURS. No change.

(b) VACATIONS. No change.

(c) SICK PAY

1. Sick pay shall be at the rate of one day for each completed month of full time employment accumulating to 120 working days. The department head shall, at his discretion, require, a certificate of a duly licensed physician or, if felt warranted by the department head, physician may be designated.

2. An employee who is injured within the scope of his employment, and who is receiving Workmen's Compensation benefits or other comparable compensation benefits may elect to be paid his or her accrued sick leave to make up the difference between his or her compensation and his or her average net weekly wage exclusive of any overtime compensation for the 52 weeks immediately preceding the injury. Said supplemental weekly payments shall be charged to sick leave and shall be discontinued when sick leave benefits have been used up.

3. An employee upon normal retirement or death shall be compensated, not more than fifty percent (50%) of his or her unused sick leave up to a maximum of sixty (60) days by being paid in cash.

(d) LEAVE OF ABSENCE. No change.

11. OVERTIME

(a) No overtime shall be paid to the following in the department where they are regularly employed: Department Heads, Professional and Administrative.

(b) PRODUCTION Overtime will be paid at the rate of time and one half for hours worked beyond the employees normal hours provided that the hours must exceed those stated in Article 10, Section A., Paragraph 2.

When an employee is called back to work during any period of time which is not considered their regular work shift, then that employee shall be remunerated at one and one-half ($1\frac{1}{2}$) times their prescribed hourly rate of pay. Each employee shall be guaranteed a minimum of two (2) hours pay at time and one-half ($1\frac{1}{2}$).

All emergency maintenance situations (call backs) must bear prior approval of the division Supervisor or his delegated agent.

(c) Office Workers Overtime at the rate of time and one-half shall be paid for all hours worked in excess of forty hours in any one week.

(d) Any Departments of Employees who are not specifically covered by ARTICLE #11; Sections A, B, or C that have an overtime situations, must first submit the situation to the Personnel Board in writing and receive a written decision from the Personnel Board before any overtime shall be paid.

12. HOLIDAYS

Patriot's Day	Veteran's Day
Memorial Day	Thanksgiving Day
	Christmas Day

13. CLASSIFICATION AND SCHEDULES. No change.

14. APPEALS

Any person aggrieved by this By-Law has a right of appeal in the following manner:

1. An employee having a grievance or complaint must file a written statement with his or her complaint within five (5) work days after the occurrence of the alleged event or after the employee becomes aware of the event. The Department Head shall give his decision in writing within five (5) working days after receipt of the complaint.

2. If the employee is not satisfied with the decision of the Department Head he or she may appeal in writing within five (5) working days to the Personnel Board for hearing before said Board. The Board shall render its decision within twelve (12) working days after receiving an appeal except where the Board holds a public hearing, in which case, the Board shall render its decision within twenty-eight (28) working days after receiving an appeal.

3. The parties may agree to extend the above time limits.

15. AMENDMENT. No change.

16. PROBATIONARY EMPLOYEES — DEFINITION AND STATUS.

The period of probationary employment shall be ninety days. If no physical condition exists which would prevent employment and the employee has proven satisfactory in other respects, permanent employment will begin on the ninety-first day retroactive to the first day of employment. A temporary employee shall have no right to any benefit under this Plan other than the proper rate of pay for hours worked.

17. PART-TIME EMPLOYEES — DEFINITION AND STATUS. No change.

JOURNAL FOR ADJOURNED ANNUAL TOWN MEETING

Tuesday, May 6, 1975

The Adjourned Annual Town Meeting was called to order at the Hanover High School at 8:00 P.M., with 618 voters present.

ARTICLE 23

To see if the Town will vote to amend the Hanover Zoning By-Law by deleting the words "having thereon an existing residence" from the first sentence in Section VI, G, 2 and from the first sentence in Section VI, G, 3 and from the first sentence in Section VII, B, 4 or take any other action relative thereto.

Submitted by the Hanover Planning Board

A favorable report by the Planning Board was read.

VOTED UNANIMOUSLY: That the Town so do.

ARTICLE 24

To see if the Town will vote to amend the Hanover Zoning By-Law by eliminating all of SECTION VI, B., Residence A District and replacing it with the following:

SECTION VI

B. Residence A District

The Residence A District is intended as a district for rural, residential and non-commercial uses.

1. Uses Permitted:

a. Uses a, b and c permitted in a Recreational-Conservation District Paragraph A1, subject to the same restrictions.

b. One single-family dwelling per lot.

c. Fields, pastures, woodlots, greenhouses and farms as permitted in the Conservation-Recreation District.

d. Barns, stables and kennels for pets and animals. Such use shall be clearly incidental to and secondary to the use as a residence and shall be clearly of a private rather than business nature and shall present no sight, sound or odor nuisance in the adjoining areas.

e. Display and sale or offering for sale of farm produce providing that such produce is raised on the premises and sold by the owner or the resident of the land, and provided that any stand or other structure shall not be located within twenty-five feet (25') of any street or side line and provisions shall be made for off street parking in accord with Section VII D.

f. Accessory uses, including such normal accessory uses as private garages, storage sheds, tennis courts, swimming pools and summer houses.

g. An incidental home occupation which does not employ or utilize non-resident personnel on the premises and which does not have any exterior appearances including use of signs. Other home occupations or professional offices shall comply with the provision of Section 2,b below.

2. The following uses may be permitted upon application to and approval of the Board of Appeals under the procedures specified in Section IX. Such approval may be granted providing the applicant is able to substantiate the following: (1) The use shall be clearly incidental to and secondary to the primary use as a residence; (2) The use shall not interfere with the safety and privacy of adjoining properties:

3. The use shall not cause an immediate or potential devaluation of property values of adjoining properties and the general area.

a. Boarding houses or rooming houses for not more than four (4) persons, provided that the house is primarily occupied as a private residence and the number of rooms devoted to this use shall not exceed 20% of the total rooms.

b. Professional office or customary home occupation, provided that:

(1) The profession or customary home occupation is conducted by the owner or resident of the premises.

(2) No noise, vibration, smoke, dust, odors, heat, glare, unsightliness or other nuisance is produced which may be discernable from other properties or public ways.

(3) There is no public display of goods or wares.

(4) There is no exterior storage of material or vehicles or equipment and no exterior evidence of a non-residential use of the premises excepting signs as permitted by Hanover Sign By-Law.

(5) There is adequate off-street parking for any employee or visitors.

c. Conversion of a dwelling existing at the time of the original adoption of the Hanover Zoning By-Law, in June, 1955, to allow for the inclusion of a second dwelling unit. The external appearance of the house shall not be changed and there shall be sufficient floor area as specified in Section VII, B of the Hanover Zoning By-Law.

3. The following uses may be permitted upon application to and approval by the Board of Appeals under the procedures specified in Section IX. Such approval may be granted providing the applicant is able to substantiate the following:

(1) The intended uses shall not derogate from the intent of this section of the Hanover Zoning By-Law; (2) the use shall not interfere with the safety and privacy of adjoining properties; (3) The use shall not cause an immediate or potential devaluation of property values of adjoining properties and the general area.

a. Museums and playgrounds.

b. Private schools, nursery schools and colleges, provided adequate parking areas are provided in accord with Section VII D, and there is no external change of appearance of any dwelling converted for such use.

c. Cemeteries, hospitals, sanitariums or other medical institutions including nursing homes, non-profit research laboratories or charitable institutions.

d. Membership clubs

4. A use essentially of similar character to the permitted uses of this district and to the intent of this district. The determination of suitability shall be made by the Board of Appeals upon petition by the owner or owners. Said petitioner must show the projected use will: (1) not derogate from the intent of this section of the Hanover Zoning By-Law; (2) not interfere with the safety and privacy of adjoining properties; (3) not cause an immediate or potential devaluation of property values of adjoining properties and the general area.

Submitted by Hanover Planning Board

A favorable report by the Planning Board was read.

VOTED UNANIMOUSLY: That the Town so do.

ARTICLE 25

To see if the Town will vote to amend the Zoning By-Law by adding to Section VI G the following new paragraph;

4. Municipal uses which have been approved by at least a two-thirds vote of a Town Meeting shall be permitted in all Districts. Such municipal uses shall conform to the provisions of Section VII B, C and D appropriately to the District concerned unless license to deviate therefrom is granted by the Board of Appeals after Public Hearing as provided in Section IX.

Submitted by the Hanover Planning Board

A favorable report by the Planning Board was read.

VOTED UNANIMOUSLY: That this Article be passed over.

ARTICLE 26

A favorable report by the Planning Board was read.

VOTED UNANIMOUSLY: That the Town so do.

ARTICLE 27

To see if the Town will vote to amend the Zoning By-Law by adding the following provisions to Section VI:

H. Planned Unit Condominium Development

1. General Requirements

The Board of Appeals may grant a special permit for the construction and occupancy of a planned unit condominium development in the residence district as hereinafter defined and limited under the procedure set forth in Section IX of this By-Law.

2. Definition

A Planned Unit Condominium Development shall mean a sub-division to be developed as an entity by a landowner

which does not correspond in lot size, bulk or type of dwelling, density, intensity of development or required open space to regulations in any one or other district established by this Zoning By-Law.

3. Intent

The major purpose of the Planned Unit Condominium Development, in addition to the general purposes governing this By-Law, is to provide for multiple family dwelling units in certain districts in the town at somewhat greater density than might normally be allowed in each district without detracting from the livability and aesthetic qualities of the environment. A Planned Unit Condominium Development should result in:

- (a) Economical and efficient street and utility construction, installation and maintenance;
- (b) Efficient allocation distribution and maintenance of common open space;
- (c) Land use harmonious with natural features; and
- (d) The development of real property values for the long-range future.

4. Use Regulations

In a Planned Unit Condominium Development the following uses shall be permitted:

- (a) Condominium Units
- (b) Places of Worship
- (c) Accessory uses as defined in Section II A of this By-Law.

5. Dimensional Regulations

In a Planned Unit Condominium Development the following requirements relating to density and intensity of land use shall be met;

- (a) The total area of land within the development shall be 20 acres or more, and having frontage on a street as defined herein, from at least 50 feet. No structure shall be closer than 100 ft. of the street on which the development has frontage.
- (b) The maximum height of each structure shall be 2½ stories or not more than 30 feet from the ground level to the eave line of the roof.
- (c) The maximum number of dwelling units per structure shall be 24.

(d) No structure within the development shall be closer than 50 feet from any other structure.

(e) The minimum set-back from a way within the development shall be 40 feet.

(f) There shall be a minimum open space of 50 feet in depth along the boundary of the development.

(g) Maximum land coverage of impervious materials including building coverage, accessory building coverage and road coverage shall be 30% of the total land area. The remaining land area shall be common open space area within the development, and may have included therein area dedicated to recreational use such as tennis courts, swimming pools and recreational structures.

(h) Dwelling units in a condominium shall have the following minimum square feet of living space, exclusive of hallways:

(1) One bedroom condominium units, 750 square feet.

(2) Two bedroom condominium units, 900 square feet.

(i) No dwelling unit within a condominium may exceed two bedrooms.

(j) Minimum parking requirements shall be 1½ parking spaces for each dwelling unit, plus parking facilities for employees as determined by the Board of Appeals.

(k) Common Land or area shall be held in either corporate ownership or ownership of a trust entity, which entity shall be owned by the owners of condominium units within the development, and the developer shall include in a deed to the owners, beneficial rights in the common land and an easement shall be conveyed to the Town of Hanover against development of said land and the erection thereon of any structures other than those for recreational use.

(l) Maximum number: Each Planned Unit Condominium Development shall not contain more than 200 dwelling units.

(m) Proximity to other Planned Unit Condominium Developments: In order to further the general intent of the Zoning By-Law and in furtherance of the density of the general residence district, no Planned Unit Condominium Development may be closer than 1,000 feet, measured in a straight line, from property line of one condominium development to the nearest property line of the other condominium development, except where a public way intervenes.

(n) Specifications of ways within the development: The Board of Public Works shall establish specifications for construction of ways and installation of water service within a Planned Unit Condominium Development, which regulations and specifications shall be in writing and applicable to all such developments, and provided that no way within the development shall have a width of layout of less than 36 feet or a width of paved travel surface of less than 24 feet, and no turnaround or cul-de-sac shall have a radius of less than 80 feet.

(o) Through Traffic: No through traffic from one street to another street shall be allowed through a Planned Unit Condominium Development unless one way within the Planned Unit Condominium Development is designated as "major street through traffic" and is laid out and constructed in compliance with Sub-division Control Law Rules and Regulations of the Planning Board for major roads within a subdivision.

(p) Deviations: The Board of Appeals may authorize deviations from the dimensional regulations set forth herein where the boundary location or configuration of a parcel of land makes it impractical to comply in full with every specification of this By-Law, and to provide that in the opinion of the Board of Appeals such deviation does not derogate from the general intent and scheme of the specifications in this By-Law.

6. In addition to the dimensional and use regulations set forth herein, the Board of Appeals shall consider, in reviewing the site plan, the following factors:

(a) Protection of adjoining premises against any possible detrimental or offensive uses on the site, including unsightly or obnoxious appearance;

(b) Convenience and safety of vehicular and pedestrian movement within the site, and in relation to adjacent streets, property or improvements;

(c) Adequacy of the methods of disposal for sewerage, refuse and other wastes resulting from the uses permitted or permissible on the site, and the methods of drainage for surface water:

(d) Adequacy of space for the off-street loading and unloading of vehicles, goods, products, materials and equipment incidental to the normal operation of the establishment or use.

(e) Protection from flood hazards, considering such factors as: Elevation of buildings, drainage, adequacy of sewerage disposal; construction methods; erosion and sedimentation control; equipment location; refuse disposal; storage of bouyant material; extent of paving; effect of fill; roadways or other encroachments on flood runoff and flow; storage of chemicals and other hazardous substances.

7. Procedural Controls

The following procedures shall be required for the presentation of a Planned Unit Condominium Development Plan:

(a) An application in the form prescribed by the Board of Appeals together with such filing fee as may be required shall be submitted to the Town Clerk, together with plans in triplicate drawn as hereinafter specified, who shall forthwith transmit such application and plans to the Board of Appeals.

(b) Plan Requirements:

(1) The plan shall be prepared by a registered professional engineer and registered land surveyor in accordance with specifications contained in the rules and regulations of the Planning Board for preliminary subdivision plans.

(2) In addition to the requirements of sub-paragraph (1), there shall also be submitted a plan of proposed sewerage disposal systems, together with soil analysis and such other data as the Board of Health may require for its approval.

(3) Architects Drawings of the proposed structures showing details of elevation and room layout and size and exterior design shall be submitted with the application.

(c) Copies of plans shall be delivered by the applicant within ten days of filing with the Town Clerk to the following:

- (1) Board of Health
- (2) Board of Public Works
- (3) Conservation Commission
- (4) Building Inspector
- (5) Planning Board

(d) Final Approval:

The Board of Appeals shall not take final action on an application until 45 days have elapsed from the date of filing with the Town Clerk.

(e) Effect of Final Approval:

A special permit for a Planned Unit Condominium Development issued hereunder by the Board of Appeals is primarily an authorization for the use of lots for the purposes set forth herein. A favorable recommendation by the Planning Board that the special permit be issued under this provision shall not, therefore be deemed to constitute subdivision approval under the Subdivision Control Law or the Subdivision Rules and Regulations of the Planning Board.

8. Definitions

For the purpose of this By-Law certain words and terms used herein shall be interpreted as follows:

(a) Dwelling Unit:

A structure, or portion thereof providing complete living facilities for one family.

(b) Condominiums:

A spatial unit (such as a dwelling) in which the units are individually owned and deeded. Each unit owner has an undivided interest in the common areas and facilities which serve the project. Common areas and facilities include land, roofs, floors, main walls, stairways, lobbies and halls, parking space and community and commercial facilities. The ratio of the value of the individual unit to the total value of all units determines the extent of the unit owner's interest in the unit owner's voting interest in the owner's association responsible for the overall management of the condominium.

(c) Street:

An accepted municipal way (Town, County, or State), or a way shown on a definitive plan of subdivision approved by the Planning Board.

An adverse report was read by the Planning Board.

ARTICLE 68

To see if the Town will vote to adopt the following by-law establishing an Historic District Commission and an Historic District, under the provision of Chapter 40C General Laws, or take any action relative thereto.

HANOVER HISTORIC DISTRICT BY-LAW

1. There is hereby established an Historic District Commission under the provisions of the "Historic Districts Act" Chapter 40C, General Laws as amended to date, consisting of seven members appointed by the Selectmen in the following manner: One member, where possible, from two nominees submitted by the Hanover Historical Society (or in the absence of a local society by the Society for the Preservation of New England Antiquities); one member, where possible, from two nominees submitted by applicable local chapter of the American Institute of Architects; and one member, where possible, from two nominees submitted by the Board of Realtors covering Plymouth County. At least two of the seven members shall be residents of any Historic District or

Districts established in Hanover. When The Commission is first established, two members shall be appointed for a term of one year, two shall be appointed for a term of two years, and three shall be appointed in like manner for three years; and their successors shall be appointed in like manner for terms of three years. All such members shall serve without compensation.

2. The Historic District Commission shall have all the powers and duties of historic district commissions as provided by the Historic Districts Act, Chapter 40C, General Laws, and of subsequent amendments thereto.

3. The Historic District Commission shall adopt rules and regulations for the conduct of its business not inconsistent with the provisions of the Historic Districts Act and in conformance with Section 10e of said Act.

4. When taking action under the provisions of Section 11 of Chapter 40C, G.L., the Historic District Commission shall make a determination as reasonably soon as practical and possible but in no case shall such time exceed 45 days after the filing of an application for a Certificate of Appropriateness excepting when further time is requested by the applicant in writing.

5. The Historic District Commission may, subject to appropriations, employ clerical and/or technical assistants or consultants and incur other proper expenses for carrying on its work. It may accept money gifts and expend the same for such purposes. It may, under properly delegated direction, administer for the Town any properties or lesser interests which the Town may own or acquire as gifts. It may carry out such other duties, authority and powers which may be delegated to it by appropriate Town action.

6. In passing upon matters before it the commission shall consider, among other things, the historic and architectural value and significance of the site, building or structure, the general design, arrangement, texture, material and color of the features involved, and the relation of such features to similar features of buildings and structures in the surrounding area. In the case of new construction or additions to existing buildings or structures, the Commission shall consider the appropriateness of the size and shape of the building or structure both in relation to the land area upon which they are situated and to other buildings or structures in the vicinity. The Commission may, in appropriate cases, impose

dimensional and set-back requirements in addition to those required by applicable ordinance or by-law. The Commission shall not consider interior arrangements or architectural features which are not subject to public view. The Commission shall not make any recommendations or requirements except for the purpose of preventing developments incongruous to the historic aspects or the architectural characteristics of the surroundings and of the Historic District.

7. In case any section, paragraph or part of this by-law be for any reason declared invalid or unconstitutional by any court of last resort, every other section, paragraph or part shall continue in full force and effect.

8. There is hereby established an Historic District to be known as the "Hanover Four Corners Historic District" under the provisions of the Historic Districts Act, Chapter 40C, General Laws, as amended to date. Said District is shown on a Plan, with the bounds and measurements thereon, as filed with the Town Clerk, entitled: "Plan of the Hanover Four Corners Historic District, April 1, 1975". Said Plan to be recorded in Plymouth Registry of Deeds as required by Law subsequent to the establishment of such District.

Submitted by: The Hanover Historic District
Study Committee

A favorable report by the Planning Board was read.

Motion to accept this Article was amended as follows:

We move that this Article be amended as follows:

1. The second sentence in Section 1 of the proposed By-Law shall read: "At least four of the seven members shall be residents of any Historic District or Districts established in Hanover."

2. There shall be a new paragraph inserted after Section 6 of the proposed By-Law which shall read as follows:

Section 6A. The authority of the Commission shall not extend to the following categories. Such categories shall not be subject to review by the Commission.

- a. Temporary structures or signs, subject, however, to such conditions as to duration of use, location, lighting, removal and similar matters as the Commission may reasonably specify.
- b. Terraces, walks, driveways, sidewalks and similar structures provided said structure is substantially at grade level.

- c. Storm doors and windows, screens, window air conditioners, lighting fixtures, and similar appurtenances.
- d. The color of paint.
- e. The color of roofs.
- f. The reconstruction, substantially similar in exterior design of a building damaged by fire, storm or other disaster provided said reconstruction is begun with one year thereafter and carried forward with due diligence.

A motion for a second amendment to this Article to exempt real estate in this area from taxes was ruled out of order.

After lengthy discussions a motion to cut off debate was unanimous.

On a vote 86 in the affirmative and 230 in the negative the motion as amended was defeated.

A motion duly seconded to reconsider Article 68 was unanimously defeated.

It was voted at 11:50 P.M., to adjourn this meeting to Thursday, May 8, 1975 to convene at the High School at 7:30 P.M.

A true record. Attest:

WHEREAS, certain areas of Hanover are subject to periodic flooding (and/or mudslides) from (Streams, rivers, etc.), causing serious damages to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Town Meeting, to require the recognition and evaluation of flood and/or mudslide hazards in all official actions relating to land use in the flood plain (and/or mudslide) areas having special flood (and/or mudslide) hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to the Constitution and Laws of the Commonwealth of Massachusetts.

NOW, THEREFORE, BE IT RESOLVED, that this Town Meeting hereby;

1. Assures the Federal Insurance Administration that it will enact as necessary and maintain in force for those areas having flood or mudslide hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Hanover Planning Board with the responsibility authority and means to:

- (a) Delineate or assist the Administrator at his request in delineating the limits of the areas having special flood (and/or mudslide) hazards on available local maps of sufficient scale to identify the location of building sites for further action by the Town Meeting.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain (and/or mudslide area).

(c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain or mudslide areas, and cooperate with neighboring communities with respect to management of adjoining flood plain and/or mudslide areas in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain (and/or mudslide area) management measures.

3. The Building Inspector shall, in accordance with the State Building Code, maintain for public inspection and furnish upon request a record of elevations (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.

4. Agrees to take such official action as may be reasonably necessary to carry out the objectives of the program.

Board of Selectmen

Report of Tax Collector - 1975

To the Board of Selectmen, Town of Hanover

We have completed our first normal 12 month fiscal year and although it entails almost twice as much work and postage expense, the two payment plan has worked for Hanover.

Much credit is due the Assessors. Had they not set a rate early enough to have the bills in my office for stuffing and mailing prior to September 30th, we would have had a late due date. This was the case in many surrounding towns, causing millions of dollars to be borrowed in "anticipation of" and costing a great deal in interest charges. The Town of Hanover's financial situation was in the reverse. Millions of dollars were invested and a considerable amount of money made for the Town.

You, the taxpayers should be proud and grateful for the fine dedicated employees and officials in General Government who operate so successfully on only 28½% of the Tax Rate.

Total Collected and turned over to the Treasurer for Calendar year 1974 was \$5,206,523.60. All other figures for this Department are shown in the Accountant's Report.

To my Assistant and my part-time Assistant I thank you for your extreme dedication and to the Town Clerk and his Assistant, my grateful thanks for their many services through-out the year.

Respectfully submitted,

ELEANOR S. BLAISDELL,

Collector of Taxes and
Water Rates

Report of the Board of Appeals

To the Board of Selectmen and Citizens of Hanover:

The Zoning Board of Appeals held scheduled meetings at the Hanover Town Hall on the second and fourth Tuesday of each month, excluding holidays and officially announced postponements.

Sixteen public hearings were held by the Board on applications requiring approval for premitted uses, petition of appeal from decisions made by administrative officials, petitions for variances, all in reference to the Zoning By-Law. Included were two petitions of appeal in reference to the Sign By-Law. Fourteen written decisions were filed at the Office of the Town Clerk as required by statute law. Two petitions were withdrawn by the petitioners without prejudice before a final decision was made.

We wish to thank all officials and Boards of this Town for their assistance and cooperation given to us this year.

Respectfully submitted,

JAMES S. OLDHAM, Chairman

Report of the Planning Board

To the Citizens of the Town of Hanover:

Calendar year 1975 saw an unexpectedly large activity in subdivision development. This consisted of accelerated completion of subdivisions in progress, reactivation of several inactive subdivisions, and indications that a number of completely new subdivisions are in the engineering stages and will be submitted for approval later. During the year we updated our Subdivision Rules and Regulations, primarily to make the developers more responsible for the costs of engineering involved both in the original approval and in the in-process inspection during completion of subdivisions. Steps are being taken to develop zoning changes which, if adopted, would further protect wetlands, flood plains and watershed areas. Other zoning changes will be considered, such as those arising from a complete rewriting of the Zoning Enabling Act, Chapter 40A of the General Laws, by the 1975 legislative session. Another new legislative mandate, Chapter 807 of the Acts of 1975, requires substantial Planning Board activity on the Local Growth Policy Committee to be appointed by the Selectmen in early 1976. We look forward to an especially busy year in 1976.

Report of the Bylaw Study Committee

PROGRESS REPORT (JAN. 1 - DEC. 31, 1975)

Charter & Scope: Pursuant to 1975 Annual Town Meeting, Article 72: "To appoint a committee of five . . . for the purpose of studying the present bylaws . . . to submit articles for the revision and updating of these bylaws, at the next Annual Town Meeting, and to publish a booklet of the bylaws . . . following their updating . . ."

Membership: Messrs. Gerald F. Williamson, Chairman; Frederick W. Adami III; Robert A. Lavoie; Paul W. Schrader; William B. Sides.

Schedule of Meetings: Weekly meetings on Wednesday evenings at Town Hall, Hearing Room, from 27 October through 31 December 1975, 7:00-9:00 P.M.

Progress Report: Following a brief review of the work of an earlier committee, the Committee obtained paste-up copies of the latest Town Bylaws for review and initial comments by the members. Bylaws were obtained from area towns and studied for comparative content and presentation. Several town boards were invited to attend meetings for submittal of ideas and proposed changes. Committee members began the task of classifying existing bylaws into meaningful, logical presentation. Initial study was begun on two proposed bylaws: (1) Revised swimming pool fence bylaw; (2) Bylaw to limit debate and provide curfew at annual town meetings. (Interim progress report discussed for submittal at 1976 annual town meeting.)

Report of the Personnel Board

The Personnel Board in 1975 was faced with an ever increasing workload. The board met even in the summer months which are usually very slow. The problems of both labor and management are becoming much more complex and will require even more work of this board in the coming years.

We will have further recommendations for the Annual Town Meeting in trying to have our employment procedures and practices approximate those of surrounding towns of equivalent size.

We appreciate the cooperation of all departments in the Town.

Annual Report of the Board of Registrars

As of December 31, 1975, the registered voters were listed as follows:

Republicans	1,280
Democrats	1,674
American	0
Unenrolled	2,233

Total Registered Voters: 5,187

The term "Unenrolled" means not registered in any political party.

The Town Census taken in January, 1975, showed the population of Manover to be 10,869. The computer system initiated two years ago has proven to be of great value to the Board for the purpose of up-dating the Voting Lists and compiling the Jury list.

The State Census was taken during the month of March, 1975. This census is conducted every five years and in the future will be done in conjunction with the Annual listing in January.

Residents may register at the Town Clerk's office daily Monday through Friday during regular office hours and Monday evenings 7 to 9 P.M. except when registration is closed by law prior to elections and town meetings. The Board also holds special registration sessions before town elections, town meetings, presidential and state primaries and elections.

Notification of special sessions were published in the local newspapers.

Signatures on all petitions and nomination papers were checked and certified.

A call to the office of the Town Clerk can straighten out any questions regarding dates of registrations, party affiliations, etc.

Report of the Building Inspector

To the Board of Selectmen and Citizens of Hanover:

The construction of new dwellings in the Town of Hanover for the year 1975 increased for the third consecutive year. The 76 new dwellings constructed were the largest number since 1969. Several new sub-divisions were approved in 1975 and it appears the year 1976 will be a busy one.

The new dwellings constructed in Hanover over the past ten years are as follows:

1966 - 84	1971 - 64
1967 - 106	1972 - 15
1968 - 146	1973 - 42
1969 - 127	1974 - 53
1970 - 61	1975 - 76

The Building Permits issued in 1975 were as follows:

New Dwellings	76
Accessory Buildings	14
Additions, Remodeling	46
Business Buildings	16
Signs	74
Swimming Pools	51
Miscellaneous	2

Total Permits	279
---------------	-----

Building Permit Fees collected by this office in 1975 totaled \$8,898.00. This amount was turned over to the Town Treasurer. The total estimated value of construction for 1975 was \$3,736,210.00.

The Building Department is located on the second floor of the Town Hall and is open Monday through Friday from 8:30 A.M. to 12 noon and 1 P.M. to 4:30 P.M. Permits for Building, Plumbing, Gas Piping, Wiring and Signs are issued from this office. The Zoning By-Laws are also enforced thru this office.

Board of Public Works

To Board of Selectmen:

This is the Third Annual Report of the Board of Public Works. During the year a new table of organization has been completed. Following the resignation of the Superintendent, Mr. Allen W. Hanson, the Board made a decision to fill the vacancy from within the department, and Mr. Herbert D. Simmons was appointed Superintendent. A new position of Deputy Superintendent was created, and Mr. Philip C. Beal was appointed. The new administrative structure eliminates one supervisory position, and in a short time has proved an effective administrative organization.

Budgets generally reflect only salary increases authorized by the Town and inflationary cost of materials such as power and petroleum products. Having now experienced a full year of operation of the Water Treatment Plant and the reading and billing of metered water charges, there are budget increases in the Water Division for added personnel and expenses. This should level off in Fiscal Year 1977, except for increases in water usage caused by increased population. We are encouraged, however, by the fact that increased use has resulted in increased water revenue.

For the first time in several years heavy winter storms have nearly depleted the snow and ice budget which will probably require additional funds before the winter season of 75-76 is over. The Board is extremely pleased with the efficiency of the snow removal operation and has congratulated the department personnel for their dedicated efforts.

Specific division comments follow:

WATER DIVISION:

Water Consumption has increased and is reflected in an 11.4% increase in meter billings over the past twelve months. This follows the projection of increasing usage after the initial reducing impact of the meter program. A new record of pumping two million eight hundred thousand gallons (2,800,000) in a twenty-four hour period was reached in August.

The Treatment Plant is operating well. Operating expertise is increasing and to counteract increasing use and costs every effort to find ways to reduce cost is being explored. The new Federal Safe Drinking Act will require more testing and it is anticipated that the State will no longer carry out testing for towns as they have in the past.

The Walnut Hill standpipe has been cleaned and painted this fall. The old Union Street tank is scheduled for similar maintenance and a request is in the warrant for this purpose. After this is complete the next period of maintenance for our standpipes is scheduled to start in 1981.

New development in both commercial and residential areas is reflected in the increased water expenses. \$50,200.00 of the increase is returned to the Town as Water Revenue from charges made for extensions and services. Charges for new services are being reviewed along with water regulations and some changes are to be made. Anticipated new residential and non-residential development will increase water use, therefore, exploration on undeveloped land must be accelerated to assure potential ground-water supply areas are reserved for the Town. Funds for exploration are in a special article for this purpose.

HIGHWAY DIVISION:

Continued reconstruction and improvement to the Town's highways was carried on during the past year. A final coat of asphalt was applied on Spring Street and new surfaces were applied on portions of Old Town Way, Silver Street and Old Washington Street. Summer Street was completely reconstructed for a distance of 1.51 miles.

Chip seal was applied to 1.52 miles of roadway and sand seal was applied to 6.9 miles thus the objective of resurfacing ten miles of roadway per year was nearly met.

Several small drainage projects were completed and a new system nearly finished on Center Street.

New development areas accepted and those projected are resulting in an increased work load, especially in the area of snow removal. The mild winters of the past have resulted in savings in the snow and ice account, but the opposite appears to be the case for the 1975-76 season.

Land for a D.P.W. garage was purchased on Winter Street at the annual meeting. This approximate 11 acre parcel will provide ample space for a garage and material storage areas all within an industrial zone.

The Town will be asked to appropriate funds for the garage at the 1976 annual meeting.

CEMETERY DIVISION:

The Cemetery Division continues its expansion program and new sections were opened this year enabling citizens of the Town to purchase lots as needed.

The use of C.E.T.A. personnel in the division has resulted in labor savings and provided the opportunity to lime, fertilize and generally improve the grounds.

An appropriation this year for memorial squares, administered by the Women's Garden Clubs has resulted in beautification of several of our Town squares. The work was carried out principally with C.E.T.A. personnel.

TREE DIVISION:

The Tree Division continued its usual spraying program, gypsy moth count and program of removal of diseased trees and setting out new trees. Roadside trimming was carried on whenever possible within budget limitations.

Reorganization with Cemetery, Playground and Tree Divisions becoming one is still projected for the future. The object being to upgrade efficiency and service.

Report of the Drainage Coordinating Committee

The Drainage Coordinating Committee was established by Article 19 of the Annual Town Meeting of 1974. This committee, consisting of one representative each from the Department of Public Works, the Board of Health and the Planning Board was expected to be useful in coordinating drainage activities outside street bounds and drainage easements within the control of the then new Department of Public Works. It was activated June 30, 1974. To date there has not been a single proposal initiated by it or referred to it. The continuation of this formal committee appears to be unnecessary. Appropriate coordination, if required in the future, can be conducted informally. This is submitted as a final report.

Report of the Police Department

To the Board of Selectmen and the
Citizens of the Town of Hanover:

I hereby submit the following report of the Police Department from January 1, 1975 to December 31, 1975.

Police Officers cannot be turned into Public Relations Men or Goodwill Ambassadors when their Aim is to Enforce all Statute Laws, Bylaws, Rules and Regulations. Their task has been most difficult because of the Liberalism which has engulfed us all.

When you have a Police Department that enforces all Laws you now meet resistance from Young and Old alike. Because of this Liberalism, Rules and Regulations are thrown to the winds, Bad Laws passed by the Legislators, for example, (The 18 Year Old Drinking Law). The Police Departments that do their part in Crime by Arresting and bringing criminals before the Courts are now "sandbagged" by these same Courts. Upon conviction of these criminals the Courts are soft on these convicted persons especially with the fines and sentencing of the cases presented.

There has got to be Unity within the Judicial System in dealing with these Criminals and Dispositions. When lackadaisical enforcement appears we all suffer. The Legislators that you vote into office must be made to improve the Judicial and Correctional Institutions. They are elected to do a job. If it is not accomplished then new bodies should be elected until it is achieved.

During the Calender Year of 1974 an estimated 10,192,000 serious crimes, (Murder, Forcible Rape, Robbery, Aggravated Assault, Burglary, Larceny Theft and Motor Vehicle Theft) were reported to Law Enforcement Agencies throughout the United States. This is an 18 percent increase over 1973.

During 1974 one violent crime, (Murder, Forcible Rape, Robbery or Aggravated Assault) was committed every 33 seconds. A Murder was committed every 26 minutes. A forcible Rape was committed every 10 minutes. A Robbery was committed every 71 seconds. A Burglary was committed every 10

seconds. A motor vehicle stolen every 32 seconds. An Aggravated assault committed every 70 seconds and a Larceny Theft every 6 seconds.

Persons arrested: In 1974 Law Enforcement Agencies made an estimated 9.1 Million Arrests nationally for all Criminal Acts except Traffic offences. The Arrest rate was 46 Arrests for each 1,000 persons. In 1973 there were 42 Arrests for each 1,000 inhabitants.

I would like to take this opportunity to thank the People of Hanover, the Board of Selectmen, Neighboring Police Departments, State and County Officers and the Members of the Hanover Police Force for their assistance and cooperation during the past year.

Report of the Board of Fire Engineers

To the Board of Selectmen and Citizens
of the Town of Hanover:

The Board of Fire Engineers submits the following report
for the year 1975.

Responses for the year totaled 490, a slight increase over
1974.

The year 1975 saw the arrival of a new pumping engine
which has been assigned to Station 3. We expect to receive a
new engine for Station 2 late in 1976 which will end the cur-
rent engine replacement program. The Board will submit an
article for a new ladder truck chassis to replace a 1946 chas-
sis, at the coming Town Meeting.

We would be wrong in not acknowledging the contribu-
tions the call firefighters make toward the day to day oper-
ation of the department. During 1975, 18 members were certi-
fied as Emergency Medical Technicians, and four members
are awaiting certification. These men will man the new Res-
cue Ambulance as of April 1, 1976.

Training: Basic firefighting courses were held for the
newer firefighters under the direction of the training officer,
Captain Kenneth Houghton.

The Hanover Muster Team won first place in Plymouth
County Muster League competition this past summer. This
activity continues to create interest in the department from
a call firefighters standpoint, and also helps develop the
teamwork that is so necessary.

On August 1, 1975, after 47 years of service as a fire-
fighter, Chief Lawrence E. Slaney retired as Chief of the
Fire Department. It is impossible to fully voice our appre-
ciation for his loyal and faithful service to the town. We,
the members of the Board of Fire Engineers, who served with
him can only thank "Larry" and wish him well in his new
endeavors.

During the year firefighter Walter Colby passed away. Walter faithfully served the Fire Department for many years as a member and Lieutenant of Company 4.

Emergency Communication Center

To The Town of Hanover:

Following an historic trend, the number of calls through the Emergency Center increased for the 15th consecutive year.

The Committee has explored the possibilities of converting to the 911 system, but have determined that it is impractical as the number can only be used when the entire town is on a single exchange. Hanover is presently served by two exchanges which would prohibit anyone on the 878 exchange or about 50% of our citizens from benefiting from the change.

We are also in the process of upgrading our telephone system. The present equipment is over twenty years old, out of production, and requiring frequent maintenance.

We wish to express our appreciation to the Board of Selectmen, the Police Department, Fire Department, and the Public Works for their cooperation throughout the year.

Respectfully submitted,

ROBERT P. COBURN

Civil Defense Report

To the Board of Selectmen and Citizens of the Town:

We hereby submit our report for the calendar year 1975. There were no declared emergencies during the year and we continue to participate in State held simulated emergency practices.

On July 14, 1975, Walter L. Colby, who served as Director of Civil Defense for 10 years, passed away. He served the Town with loyalty and distinction during his years of service.

We appreciate the cooperation of the various departments.

Respectfully submitted,

PETER C. McCORMACK, Director

JOHN THOMSON, Deputy Director

Report of the Park and Recreation Committee

The Park and Recreation Committee is pleased to announce the completion of the new tennis and basketball court on Myrtle Street. We do hope the citizens will take full advantage of this new facility and enjoy the use of it.

The Summer Program of recreation for the youth of the town, enjoyed a very successful six weeks. The committee introduced a Tennis program this past summer which showed vast interest and good results. The winter Swim and Ski programs were also very popular and most successful.

The Town has grown considerably and the Committee can see the need for a Recreation Director, part time, to serve year round. We do hope the Town votes for this position.

Report of the Conservation Commission

To the Citizens of Hanover:

By the first of July, 1976, we shall have added approximately another 75-80 acres of greenbelt and open space land which we feel will be beneficial to the town.

A large number of housing areas are being opened up and many present individual problems of their own. Since October 16, 1972, we have held over twenty hearings under Chapter 131, Section 40 and decisions rendered. This is indeed time consuming and quite often expensive. The Commission meets at regular intervals twice a month with numerous special meetings which are posted as by law at the Town Hall.

We have initiated much planting of trees and shrubs with the Boy Scouts and Camp Fire Girls aiding in the planting. We wish to thank the citizenry for their part in this program.

A major inventory of over approximately 750 acres is underway for the use and enjoyment of those around us.

Another major problem to be solved is similar to all towns around us: littering, loitering and destruction.

The complexity of problems to be solved on Route #53 are still with us as yet, but it appears good headway is being made.

Fees collected this year totaled \$350.00

We wish to thank all the Town Departments and the many interested citizens for their cooperation.

1975 Report of Trustees for County Cooperative Extension Service

By Edgar W. Spear, Director

The Plymouth County Cooperative Extension Service's office is located on High Street, Hanson and can be reached by calling 293-3541 or 447-5946.

This is repetitious but for the information of new residents, we are the educational arm of the University of Massachusetts and the U.S.D.A. at the county level. This is where the name "Cooperative Extension" is derived.

We have many and varied educational programs.

Free bulletins are on display at our office on lawn care, gardening, nutrition, home canning and freezing, to name just a few. If you pass our office on your travels, stop and visit us.

The number of soil samples tested continues to increase each year which is a free service to the Plymouth County residents. This year, with more gardeners, our agents were swamped with soil samples.

With more food production and preservation by home gardeners, our Home Economists are available for advice. Citizens are encouraged to bring to the attention of their Town Director any suggestions to improve our services.

Plymouth County continues to have the most active 4-H Program in Massachusetts. Increased enrollment continues in our new Urban 4-H program. 4-H has become more than just "cows and cookies" and varied programs are available for all young people.

Through our Nutrition Program in Brockton we have made available to every town school system "Mulligan Stew" film, an excellent source of nutrition lessons for young people. Our Life and Earth 4-H Science Projects such as Embryology and Ocean Science are being made available to all of Plymouth County's School Systems. We have periodic leader training sessions for the teacher.

In addition to our regular staff, we have five Regional Community Development Specialists who work closely with all the towns on varied projects and are available for assistance to all towns.

Our Board of Trustee members are:

Mr. Gilbert Blackledge, Chairman, Whitman
 Mr. Fred Friedenfeld, Vice-Chairman, Middleboro
 Mrs. Sally Carver, Secretary, Marshfield
 Mr. Edward Gawle, Brockton
 Mrs. Eileen Rawson, Duxbury
 Mr. Howard Hayward, West Bridgewater
 Mr. Robert Haviland, Hingham

1975 REPORT OF TRUSTEES FOR COUNTY COOPERATIVE EXTENSION SERVICE

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town or by the Federal Government for carrying out the provisions of the law under which they are appointed.

Their agents have made contacts during the past year in every community either by public meetings, individual visits, group discussions, demonstrations or otherwise, in attempting

to assist the needs of the citizens toward helping to solve management problems, better living and better community service and have been ably assisted by many local volunteer leaders.

Purchases were made during 1974-1975 for material needed in carrying on the various Extension programs. The appropriation made by your town was used for residents of the town and expended as follows:

Books and Manuals purchased	
for Town Officials	\$8.20
Town Director's Expense
4-H and Home Economic	
Leader Expense	31.72
4-H School Program	9.02
Bulletins, Paper, etc.	51.06

Report of the Board of Health

To the Board of Selectmen
and the Citizens of Hanover:

We respectfully submit our annual report for the year 1975.

The Board meets Monday evenings at 7:30 P.M. with the exception of holidays.

We wish to welcome back Mr. Lawrence E. Slaney who was elected to the Board in May. Mr. Slaney previously served in this capacity from 1960 to 1967.

The Transfer and Recycling Station continues to operate in an efficient manner. We are presently disposing of approximately 120 tons per week. Recycling of glass, newspapers and cardboard continues to contribute revenue to the Town. We have submitted Articles for the Town Meeting to purchase the recycling units which we are presently renting.

The aerial mosquito control program was continued again in 1975 with most successful results.

Two Rabies Clinics for dogs were held in 1975. A Flu Vaccine Clinic for Golden Agers and Town employees was held in conjunction with the School Department.

We have continued with the Mantoux testing for Tuberculosis for all food handlers employed in the Town of Hanover and the school department personnel.

All restaurants have been inspected regularly for sanitary conditions and the State Sanitary Code requirements are enforced.

Mr. Hammond served as a member of the Town's Drainage Coordinating Committee. Mr. Sullivan served again as a member of the Sewer Study Committee and Visiting Nurse Association Advisory Committee.

90 Disposal Works Construction Permits were issued for the year 1975.

The following complaints were processed during the year 1975:

- 54 - Communicable Diseases were reported.
- 36 - Complaints of various unsanitary conditions.
 - 5 - Complaints regarding the public water supply.
- 14 - Sewage complaints
- 18 - Brook and pond water complaints
 - 3 - Sub-standard housing conditions reported.
- 6 - Drainage complaints.
- 95 - Dead animals picked up as health hazards.
- 13 - Restaurant complaints of uncleanness.
 - 5 - Mosquito complaints
- 15 - Miscellaneous complaints
- 13 - Unsatisfactory products not meeting public health standards.
 - 3 - Complaints of bats and rats
 - 2 - Landlords not providing heat.
- 10 - Illegal dumping complaints.
 - 3 - Neglect of animals.

The Board would like to thank all Town Officials, employees and citizens for their cooperation in 1975.

Respectfully submitted,

Report of the Hanover Visiting Nurse Association, Inc.

To the Board of Selectmen and
The Citizens of Hanover:

Regular monthly meetings of the Board of Management are held on the second Tuesday of the month. Meetings open to the public are held in January and April.

During the year Board members assisted the nurse at the Well Child Conferences, Pre-school Child Conferences and the Health Maintenance Conferences for the elderly.

In April all pre-school children were screened for Amblyopia in conjunction with the pre-school registration of the School Department.

In cooperation with the American Cancer Society, Board members helped with the Breast Self-Examination Program, and also with the Oral Cancer Screening of the elderly.

Camperships were awarded to 3 children in the summer. A total of \$650 was given in scholarships to Hanover residents. A baby-sitting course was held for Junior High School students.

The Association maintains a well-stocked equipment room with sick room supplies available to any Hanover resident.

Special thanks are extended to the Board of Management and to the nurses: Edna G. Anderson, R.N., Avery Andrew, R.N., Susan Hillman, R.N., Marilyn DeBoer, R.N. and Maureen L. Cooke R.N.

Report of the Visiting Nurse

To the Selectmen, the Hanover Visiting Nurse Association,
and the citizens of Hanover:

This agency is certified (yearly) as a Home Health Agency, and offers Nursing (bedside), Physical Therapy, Speech Therapy, Occupational Therapy, Medical Social Service Counseling, Home Health Aides, and Health Supervision to residents of Hanover.

Payment for these services are most times paid for by Medical Health Insurances, Medicare, Medicaid, and various other agencies.

A total of 2312 visits were made this year, of which there were 1044 Nursing, 124 Physical Therapy, 22 Occupational Therapy, 6 Speech Therapy, 1038 Health Supervision, and 78 unclassified.

Seventeen Well Child Conferences were held this year. 246 children attended and received physicals, immunization, and health counseling. Dr. Mary E. Butterworth was the attending physician at all the conferences.

Twelve Senior Citizen Conferences were held with 323 attending. Speakers in the health field lectured at a number of the conferences and this year arts and crafts was added to each meeting.

Seventy-four courtesy calls were made to new babies and 30 cards were sent to families when the birth was a repeat.

A Breast Cancer Detection Clinic was held this year. Eighty-five attended the clinic for examinations or for viewing the film and obtaining information. Physicians from the area and nurses throughout the town assisted at the two evening meetings.

The nurses have attended many in-service programs, lectures, and seminars throughout the year in order to keep up with the latest trends in Public Health Nursing.

We accepted the resignation of Mrs. Susan Hillman, R.N., and wish her well in future ventures. Mrs. Maureen Cooke, R.N., has joined the nursing staff.

The Nurses' office is located at the Town Hall. Telephone hours are 8:30 - 9:00 A.M. and 1:00 - 1:30 P.M., Monday thru Friday.

Respectfully submitted,

Hanover Council on Aging

To the Citizens of Hanover:

The Council on Aging have held regular monthly meetings on the Third Thursday of the month at the Grange Hall on Circuit Street. These meetings are open to the public.

At various meetings we have had speakers on the work that is being done by the Department of Elder Affairs. A representative from the Council has attended many of their meetings that have been held in other towns. The Hot Lunch program that was started in 1974 has continued to increase in the number of lunches that are being served each Wednesday at the Junior High School, and to shut-ins.

In July we were very lucky to have our Mini-bus delivered to us which to date has transported an average of 150 people a month to their doctors and other businesses. At this time we would like to thank the volunteer drivers for their help and also the town for giving us the bus. Our main concern now is Housing for the elderly as a great many of our Senior Citizens have had to move to other towns to get housing. Monthly trips were continued this year and one of the trips was to Nantucket. Luncheons were served on these trips.

Our Senior Aide, Mrs. Dorothy Griffin, was able to get discounts at the various stores on Tuesdays and ID cards are available to anyone over 59 by calling the Chairman or Secretary of the Council.

Our thanks to all those who helped us at the time of the fire that we had in January 1975 at the hall. Especially the Fire Department and those who helped get it back in shape.

Report of the Hanover Senior Aide, Massachusetts Elder Affairs

To the Board of Selectmen
and the Citizens of Hanover:

The Program is sponsored by the Hanover Council on Aging.

The main purpose of the program is to keep all Senior Citizens in their own homes or with their families as long as possible with aid when necessary. Assistance and information can be obtained by calling 878-6361 from 9:30 - 12:30 noon, Monday through Friday. One hour a day is spent in Outreach services to the community.

A total of 389 people have been served this year through visits, advice, and counseling and liason work in the following categories: Home Care, Government Overview, Health Care, Social Security Increase, Welfare, Rest Homes, Nursing Homes, Legal Services, Housing, Taxes, and many other resources. Since much of our work is of a very personal nature, our records are confidential.

There were twelve orientation conferences during the year. We are also informed of all bills proposed in the Massachusetts Legislature and in Washington, D.C. that may affect Senior Citizens. Seminars were held throughout the Southeastern Massachusetts area to keep us informed on new issues.

The aid extended to me by the Hanover Visiting Nurses has been most helpful.

Respectfully submitted,

DOROTHY M. GRIFFIN

Report of the South Shore Community Action Council Inc. (SSCAC)

South Shore Community Action Council Inc. is a non-profit, Federal, State, local and privately funded anti-poverty agency, operating through Federal mandate in the towns of Carver, Cohasset, Duxbury, Hanover, Hull, Kingston, Marshfield, Norwell, Pembroke, Plymouth, Plympton, and Scituate. SSCAC provides social services, acts as liaison to State Social Services offices, functions as a clearing house of referral information, attempts to organize residents around relevant issues, and generally functions as an advocate for low income residents of the twelve (12) town council area.

The offices of SSCAC are located at 17 Court St., (rear), Plymouth, Mass., and the "Old Fire Station" at 27 Brook St., Scituate. These offices plus increased personnel, brought in through the CETA Program has enabled SSCAC to expand the level of services being provided.

The overall economic climate of 1975 produced a demanding year for SSCAC. The unemployment statistics from the Division of Employment Security for the South Shore are among the highest in the State, and everyone is feeling the effects of the inflationary spiral. And this, coupled with the tremendous budgetary cutbacks in social services will increase the demand on our services. With the generous support of the Council Area Towns, SSCAC will continue to provide assistance to eligible South Shore residents, and attempt to develop new and innovative solutions to the meet the area's social problems.

Report of Hanover Housing Authority

The Hanover Housing Authority meets regularly the first Wednesday of each month at the Town Hall. During the past year, the Authority has continued its' efforts to obtain funding from the Department of Community Affairs for construction of Elderly Housing. In September, the Department, by letter, informed the Housing Authority that the state did not have the necessary funds to grant approval at that time. However, our proposal was not disapproved and is at present still pending awaiting the necessary funding.

A meeting was arranged with the Secretary of Community Affairs in December. At the meeting, it was explained that because of budget constraints, funding by the State would

not be forthcoming in the near future. For purposes of providing public housing, the State has grouped various Towns into regions. The region in which Hanover has been placed has 29% of their housing needs fulfilled; the State average being 20%. Therefore, our region is in a low priority position on a statewide basis. The Town of Hanover has been promised top priority in our region and should be the first to receive funding when it becomes available.

The Authority has also been in contact with the Federal Housing and Urban Development Office, exploring the possibility of a subsidized rent program. Such a program would require a private developer to finance and construct housing units for which the Hanover Housing Authority would provide tenants.

During the most recent street listing done in the Town, the Housing Authority conducted a survey to update its' figures on elderly housing requirements. At the time of submission of this report, the figures had not been compiled; however, these figures will be made available as soon as possible.

The Hanover Housing Authority would like to thank the Board of Selectmen, Board of Registrars, Council on Aging, and our State Legislators, Senator Allen McKinnon and Representative William J. Flynn, Jr., for the cooperation given to us.

John Curtis Free Library

The John Curtis Library continued to grow during 1975. This year 1,264 books and 140 musical records were purchased and added to our collection. Our circulation figures totalled 94,603. With the increased use of the library our hours have been extended: Monday through Friday 10:00 a.m.-8 p.m., Saturday 10:00 a.m.-5:00 p.m. (summer hours vary).

With the advent of 'no school' during snow storms, it has been decided that the Library will close on those days. This applies only to 'snow days'.

The Phillips and Hatfield Rooms are available for public meetings. Arrangements for their use can be made by contacting the Board of Trustees and Mrs. Marion MacDuff, Librarian. During the past year, the facilities have been used by various organizations including the Hanover Junior Woman's Club, Hanover Historical Society and the League of Women Voters. The Hatfield Room has been used for children's art classes and the twice weekly children's story hour.

The Library provided reading material (large print) to two nursing homes in the area. Our thanks to the ladies of the Hanover Junior Woman's Club who deliver these books. Our thanks also to the garden clubs for their continued interest and displays.

The Board of Trustees meet regularly on the second Monday of each month at 8:00 p.m. in the Library. The public is invited to attend. During the past year, we accepted with regret the resignation of Mrs. Virginia Edge, Trustee. Mrs. Marjorie Deluse was appointed to fill the vacancy.

The Board of Trustees and the library staff hope that they will be able to continue to serve you and grow each year.

1975 Annual School Report

If there is anything constant in this world that constant is change. Changes in the nation, the state and the town are reflected in the Hanover Schools. A review of some of the activities of the school system in 1975 show the fascination, complexity and challenge which is found in today's society and education.

A greater interest in people and ideas from other parts of the world is evidenced both in the nation and the local schools. High schoolers from Hanover have gone to other lands to live as exchange students while we hosted young people from Norway, Sweden and Italy. Week long vacation trips to other states and lands are now regular. As a school activity, our high school chorus journeyed to Vermont while the band entertained the impressive Oconomowoc, Wisconsin Band — special thanks to the Music Boosters who helped in these and other music activities systemwide. Students of the Junior High and Sylvester School raised over \$1,000 to aid people in the state through the Globe Santa Program. A series of cultural programs brought new ideas to our schools including student viewings of "The Man from LaMancha" and "The Nutcracker" ballet. Greater understanding of people and world culture will be needed for life tomorrow; our students are seeking and receiving these experiences today.

The real message of the Bicentennial enriched the lives of many state residents and most of the Hanover students this year. The staff has spent a year preparing learning centers on colonial times culminating in a month long observance in April 1975. Students have been involved in making colonial crafts such as spinning wool and making soap. In each elementary school there were programs involving colonial art work, games, 18th century foods; the schools provided learning centers featuring local craftsmen who demonstrated a variety of colonial skills. Center School had all the students and staff dress in colonial costume and parade to the Town Hall. Students of all grades went on special field trips geared to their particular studies. The newspaper readers were treated to a ten-part series written

by retired superintendent Clifton Bradley on the history of the Hanover Schools. Beyond the spirit of the Bicentennial, the special school activities gave focus and purpose to basic learnings on which a solid education rests.

It is the hope of the business world, and the educational program of Hanover, that thru continual evaluation and revision of basic programs and constant trying of promising projects, more effective results may be obtained. Two basic areas of learning involve words and numbers. Words mean reading, English, writing and social studies; while numbers lead to arithmetic and science. This past summer at the junior high level, a reading curriculum for grades 6, 7 and 8 was completed by members of the staff. This curriculum included material with which classroom teachers can informally test students in reading to determine their present level as well as performance objectives to be met by the students. Like all curricula being developed according to the system's **Educational Objectives**, it includes a variety of teaching methods and materials to be used by the staff. At Sylvester School the special reading program has been enlarged to include the whole language arts area. Teachers at Cedar are evaluating new activities to improve language arts and a reading skills chart is being developed. The Hanover Schools have become involved with the national Right to Read Program. A needs assessment is planned to improve our teaching. The summer reading program received national recognition by the Department of Health, Education and Welfare — one of only five programs from New England so recognized. At the high school level a new elective, Writer Workshop, led to the school's first magazine devoted to student literary work, the **Totem**. The English program of grades 9 and 10 is being revised while in grades 7 and 8 English and Social Studies curricula were updated. English History and General Psychology are two new high school electives applying reading skills to greater understanding of people. Typing medical and legal transcription are improving language skills in the business area. The changes in curricula dealing with words should lead to more effective learning.

Number skills, too, have received attention during 1975. Two elementary schools, in addition to following the basic curriculum developed last year, are piloting a new approach to mathematical processes. This program, which is highly

successful elsewhere, uses all the senses to increase the rate of mathematical learning. In science, the elementary schools are introducing the first kindergarten to sixth grade science program. The faculty committee felt a process approach was most desirable. They have received training in this approach during in-service time and are introducing the activities in selected classes at each grade level. At the high school level, science study has specialized so that a junior — one of 50 nationwide — studied in a foundation summer institute in Oceanography while others took special courses in different high schools and colleges. Business education added a tabulator and sorter to their inventory and now teach a full data processing cycle. The increasing rate of change in both business and industry reminds one of the king in *Through the Looking Glass* who is constantly pacing just to keep up. The results throughout the school system are improving with as much basic learning this year as any — and in a shorter period of time. While the school day and year remain constant, an increasing number of publicly mandated programs leave fewer hours each day and year for the basic education needed for tomorrow's society.

The role of the school during the long summer vacation has been evolving in the past several years to keep pace with the public's desires. In the 1960's those few high school students who needed to raise failing marks would find a review program in another town and receive the desired grade. With the increase in junior and senior high schoolers and the impact of continuing education for elementary school students with special needs, Hanover launched a two pronged summer program aided by federal funds. By 1974 there were 280 young people receiving review programs in basic junior and senior high subjects or receiving an enrichment program in everything from learning disabilities to driver education. Those students from other towns are charged full price while Hanover residents pay a lesser amount, the difference being covered by the School Department. By 1975 the enrollment doubled to 460. Remedial courses in Mathematics, English, Science and Social Studies accounted for 240. Helping these students enter a higher grade or course meant encouragement to the student and lower costs to the taxpayer in the regular school year. The enrichment courses had expanded to meet the public's wishes and included Creative Arts, Gymnastics, Theatre Workshop, which led to a play production, as well as the courses given

earlier. Some 220 young people found recreation, education and satisfaction in these six-week summer activities. The Parks and Playground Department also ran a fine summer program with the schools housing the crafts activities, providing some fields and equipment and administrative support. The educational and recreational needs of Hanover youngsters are being met as never before; as these needs change the schools will change to accommodate them.

Increasing costs and inflation are changes which have been evident in the national, the state and our local school system. As any housewife, homeowner or business person knows, the cost of heat, light, food, equipment and even paper and gasoline have increased dramatically despite everyone's attempts to use less and buy better. This rise in the cost of living inevitably leads to higher salaries. For the past three years your school committee has adopted an austerity program and has lowered the rate of budget increases. Since salaries represent 80 percent of the total budget, your committee adopted a policy of no new staff members. They have maintained general salary increases well below the rise in cost of living. Since many teachers in Hanover have not reached their full salary, these teachers also receive step raises. This automatic increase, common to all salary scales, impacts on the budget but also means paying a lesser amount for a service than when the individual is at full pay. Your committee, in its austerity program tried to cut back hardest in indirect educational areas. It has called for minimum utilization of buses. It reduced authorized teacher and administrative travel. It mandated an energy conservation program in each school. It reduced the use of paper and other expendable items. It called for minimum replacement of equipment and called for no increase for athletic and physical education supplies and equipment. Despite these restrictions, costs increased. Two examples will suffice. Heating oil and utilities in Fiscal '75 had risen to \$155,125 but in Fiscal '76, despite austerity moves it was necessary to budget \$201,663 or a \$46,538 increase representing 30.1 percent. Many new laws have required educational changes, the most dramatic being in the area of special needs education. This 1972 law had forced the Fiscal '75 budget to \$260,033 but in Fiscal '76 the costs for the legislated program is \$406,232 or \$146,199 increase representing a rise of 56.2 percent. Your committee works hard to limit increases but many factors beyond local

control impact to keep the costs of good education rising. The committee's goal still is quality education with economy.

Several changes and accomplishments of 1975 deserve mention:

- Early recognition intervention network — a program instituted to aid kindergarten and first grade teachers and their pupils, was one of several activities aimed at developing more effective ways to remediate difficulties very early or/and prevent problems from developing.
- Teacher in-service sessions prepared staff for programs involving metrics, career education, aid for gifted students and updating the music curriculum.
- Post high school planning was assisted by such regional programs organized in Hanover such as a College Costs Seminar for parents, A Career Night and a new handbook to aid students and parents.
- First systemwide music concert was held using the enclosed area of the Hanover Mall and including vocal and instrumental groups from every school level.
- Distributive education and work study programs featuring school and local business cooperation enrolled 57 students.
- Graduates numbered 176 with 56 percent going on to higher education. Those students earned scholarships with a four year value of \$173,820.
- Athletic teams in soccer, girls' and boys' basketball, softball, field hockey and ice hockey all were in state playoff tourneys. The cross country team won the Eastern Massachusetts V Title and the football team won the Superbowl for the third straight year.

Your school committee is proud of the changes and accomplishments of the school system in 1975 and strives to meet the changing needs of the students and public. It wants to thank the many individuals and groups who work with and for the students, faculty and committee to enrich and improve educational opportunities in our town. While occasional differences arise and the committee is forced to make some hard decisions, it thanks the town for its continuing support and looks forward to a year of quality education.

Report of the Committee Member for Hanover of the South Shore Regional School District

The past year has been a hectic one for the administration of this school. All the laws relating to school operation require a half-time person to keep up with the directives and bulletins which deluge the office and a full time person to administer the two costly state mandated programs; Chapter 622, the Equal Opportunity Act and Chapter 766, the Disadvantaged Children's Act.

With respect to the proposed expansion program, the moratorium on State aid to school building has required a change in our plans. We now have plans for a mini-addition which includes four new classrooms and minimum facilities for girls, of which we now have six. This will care for our overcrowded conditions which now find classes on stage, and in the Library and Cafeteria. Whether we can get an exception to the building aid moratorium is difficult to say. We will at least try.

The Committee finds itself unable to arrive at a consensus on the criteria for the selection of new courses to be offered. I have argued that it is a waste of the taxpayer's money and a hoax on the student to spend three or four years of his life to learn a trade in which there is little hope of employment upon graduation. There are those who argue that we should not be concerned with the probability

of employment after graduation. I welcome any opinions that any taxpayer may have on this matter either by mail or by attendance at any regularly scheduled meeting on the third Wednesday of each month.

With the Vocational Schools which have been established during the past three years which have yet to graduate any pupils and the expansion of some of the established ones, all offering the same courses, there is a very great danger of saturating the labor market. This can only lead, eventually, to a disenchantment by the public with the whole vocational program of the state.

Up to this moment, we have had a 100% record in graduate employment. This is not true of some of the neighboring schools. This is due to the quality of our graduates which in turn is due to a responsible student council and to the quality of our administration and the staff as well as the dedication of the placement officer and the guidance staff.

South Shore Regional School District Treasurer's Report

Fiscal Year July 1, 1974 to June 30, 1975.

In accordance with Section XII of the South Shore Regional School District Agreement effective January 6, 1960, I submit herewith details of the fiscal year July 1, 1974 thru June 30, 1975 financial transactions of the School District.

Details are presented with respect to the July 1, 1974 to June 30, 1975 estimated expenditures and their apportionment to member towns, actual receipts and expenditures, and a balance sheet and statement of outstanding debt as of June 30, 1975.

Total operating expenditures for the fiscal year were \$936,990.52 and capital outlay expenditures were \$46,491.47 details of which are shown in the expenditure schedule.

Salary increases effective July 1, 1974 for the entire staff averaged 7.32% and this item involves 72% of total operating expenditures. A two year teacher salary contract will expire August 31, 1975 and collective bargaining negotiations are presently in process with respect to renewal of this contract.

Various additional expenditures under self-explanatory titles were made as per details set forth in the expenditure schedule.

Surplus Revenue was determined to be \$537,528.72 as of June 30, 1975 and was derived from the following sources:

Balance July 1, 1975	\$449,718.60
